SUPERYUPO PLUS FRBW 150

SUPERYUPO PLUS – EXTREMELY DURABLE AND EASY TO PRINT ON.

SuperYUPO PLUS is the latest product in the YUPO Corporation's conventional printing line. It is the first YUPO material that can be printed on both sides with paper inks. Bid farewell to the hassle of changing inks or reconfiguring the machine for synthetic materials. This outstanding printing medium is quick-drying and tear-resistant, with a silky smooth surface.

USES

- Maps
- Manuals
- Brochures
- Posters
- Calendars
- Banners
- Bracelets

CHARACTERISTICS

- Paper inks can be used to print on both sides
- Tear- and water-resistant
- Resistant to mineral oils
- Multitude of additional processing options
- Outstanding printability
- Quick-drying
- Resistant to fading under UV light

PLEASE NOTE

We recommend using SuperYUPO for UV offset printing processes.
