YUPOFOOD - THE RIGHT CHOICE FOR DIRECT FOOD CONTACT

YUPO's synthetic papers combine the durability of plastic films with the print quality of premium papers. YUPOFood is YUPO's FDR product range for applications with direct food contact. FDR has been created to abide by European regulations ensuring product suitability and compliance.

USES

- Labels for salami, ham, cheese, mussels, fruits, vegetables, etc.
- Processed meat control labels

CHARACTERISTICS

- Certified for direct food contact
- 100% recyclable
- Free of toxins and heavy metals
- No softening agents

PLEASE NOTE

Moist, alcoholic, greasy, and dry foods can come in contact with the material; acidic foods (pH < 4.5) cannot. All YUPO products are suitable for indirect food contact. Please contact us for the current declaration of compliance.
