

# IT'S ALL ABOUT THE PACKAGE

SMART LABELING SOLUTIONS

## YUPOIML - A SUSTAINABLE PACKAGING SOLUTION

YUPOIML enables the popular no-label look. IML labels cannot peel off or be manually manipulated. That makes IML labels particularly counterfeit-proof. The usage of IML labels in comparison to self adhesive labels, reduces waste and time consumption during the production process. Additionally, YUPOIML labels can be recycled together with the containers and don't have to be specially removed. YUPOIML offers unmatched versatility with a wide range of specialized grades for application.

VERSION YUPOIML	THICKNESS µm	GRAMMAGE g/m <sup>2</sup>	LABEL TYPE	PRINT METHODS
<b>AISE 105</b>	107	83	white, orange peel	Offset, UV offset, UV flexo, Gravure, HP Indigo
<b>AIUE 105</b>	105	85	white, no-orange peel	Offset, UV offset, UV flexo, Gravure, HP Indigo
<b>ITE 105</b>	105	80	white, orange peel	Offset, UV offset, UV flexo, Gravure, HP Indigo
<b>IZE 105</b>	107	83	white, orange peel	Offset, UV offset, UV flexo, Gravure, HP Indigo
<b>IDF 80</b>	80	75,2	white, no-orange peel	Offset, UV offset, UV flexo, Gravure, HP Indigo
<b>IDF 100</b>	100	92	white, no-orange peel	Offset, UV offset, UV flexo, Gravure, HP Indigo
<b>LBR 80</b>	80	66,4	white, orange peel	Offset, UV offset, UV flexo, Gravure, HP Indigo
<b>IHC 75</b>	76	68,8	clear, no-orange peel	Offset, UV offset, UV flexo, HP Indigo
<b>UAIB 80</b>	80	72,1	ultra clear, no-orange peel	UV flexo, Gravure, HP Indigo

## A RESPONSIBLE AND SUSTAINABLE PACKAGING SOLUTION

- Production of YUPOIML is completely waste-free
- Contributes to the reduction of CO<sub>2</sub>, saves water and energy
- Most eco-friendly labeling process
- Label and bottle form a mono packaging that is fully recyclable
- Contributes to the circular economy

## ART LABELING SOLUTIONS

### ARTIC PAPER

DESIGN

### YUPOFACESTOCK P/S – FOR HIGHLY DURABLE LABELS

YUPO offers a wide range of facestock materials for various pressure-sensitive label applications. Labels made with YUPO facestock are particularly resistant to tearing, water and abrasion, ensuring that the printed image remains readable even in the most demanding environments. Similar to traditional printing methods like offset or flexo printing, the latest YUPO facestock grades also support digital printing on HP Indigo or with UV Inkjet printers.

VERSION FACESTOCK P/S	THICKNESS µm	GRAMMAGE g/m <sup>2</sup>	ROLLS mm × m	CORE mm	SUITABLE GLUES	PRINT METHODS
<b>FPS 80</b>	80	61,6	1020 × 6000	76	permanent	Flexo, Letterpress, Offset, TTR
<b>SDI 80</b>	80	66,4	on request		permanent, removable	Flexo, Letterpress, Offset, HP Indigo, TTR
<b>SGM 80</b>	80	66,4	on request		permanent, removable	Flexo, Letterpress, Offset, UV inkjet, TTR
<b>SGP 80</b>	80	66,4	1030 × 6000	76	permanent, removable	Flexo, Letterpress, Offset, TTR
<b>SGS 60</b>	60	48,6	on request		permanent, removable	Flexo, Letterpress, Offset, TTR
<b>SGS 80</b>	80	66,4	on request		permanent, removable	Flexo, Letterpress, Offset, TTR
<b>SGS 110</b>	110	91,3	on request		permanent, removable	Flexo, Letterpress, Offset, TTR

### YUPOFACESTOCK SECURITY – FOR TAMPER-EVIDENT LABELS

The unique multi-layer structure of YUPO's synthetic paper allows various possibilities for labels with security functions. Labels printed on YUPO Security grades will leave permanent evidence after removal, making them a great choice for anti-counterfeit applications. The available grades include clear, white and destructible versions for additional design flexibility. All security labels are printable in: Flexo, Letter Press, Sheet-fed Offset.

VERSION FACESTOCK SECURITY	THICKNESS µm	GRAMMAGE g/m <sup>2</sup>	ROLLS mm × m	CORE mm	SUITABLE GLUES	PRINT METHODS
<b>SAR 60</b>	60	51,8	1070 × 3000	76	white	Offset, UV offset, Screen print, HP Indigo
<b>SJR 60</b>	60	56,6	1070 × 3000	76	clear	Offset, UV offset, Narrow web, Screen print
<b>SLR 80</b>	80	54,8	1050 × 3000	76	white, destructible	Offset, UV offset, Screen print

### THE ECO-FRIENDLY SYNTHETIC PAPER PACKAGE

YUPO is committed to the protection of the environment with simply smart and recyclable products for a wide range of printing applications outside the label market:

- YUPOTako and YUPOJelly are synthetic papers that stick to smooth surfaces without glue. YUPOTako and YUPOJelly offer unmatched reusability, eliminating the need of frequent reprints.
- YUPOStatic is an electrostatic cling film that sticks to a variety of surfaces. Some version are completely liner-less and drastically reduce waste eg. for guerilla marketing campaigns.

YUPO is a continuously evolving synthetic paper. Starting this year chosen grades will be partly made of biomass-resin, contributing to our efforts to reduce CO<sub>2</sub> emissions.
